

Voyager Package Specials:

Crafter's Delight

Take your sewing and quilting projects to the next level with Voyager. The "Crafter's Delight" package is designed to best help owners take advantage of Voyager's creative potential. A wide variety of hoops allow embroidery on all sorts of items. The included starter kit includes a wide variety of colors and other necessities for all the possibilities!

Custom Stand

Hoop "Variety Pack "

The collection of included hoops in the crafter's package includes the popular 30x15 "reversible" (good for pant legs), the large 32x32cm square, and more. This opens up lots of sewing possibilities!

The Voyager Advantage

As a multi-needle machine, HAPPY's Voyager provides a unique formula of strengths for sewers and crafters looking to broaden their capability: with its 12 colors, large 12" x 12" continuous sewing field, and its open sewing area, Voyager makes

small arm, big flexibility!

projects possible that are otherwise unthinkable. Garments, bags & other items can be sewn without disassembly.

Multi-step projects can be done in a fewer hoopings or even a single hooping, thanks to its truly continuous 12"x12" sewing field and 12 colors. And you can give Voyager your projects - big and small - with confidence: it has the heart and soul of its much larger industrial cousins, which means you can put Voyager to work for you hour after hour, year after year.
